

# Topic Generation Worksheet

Why my favorite tool / technique /  
module / add-on package is X

**Call to Action:**

We should do more (or less) of X

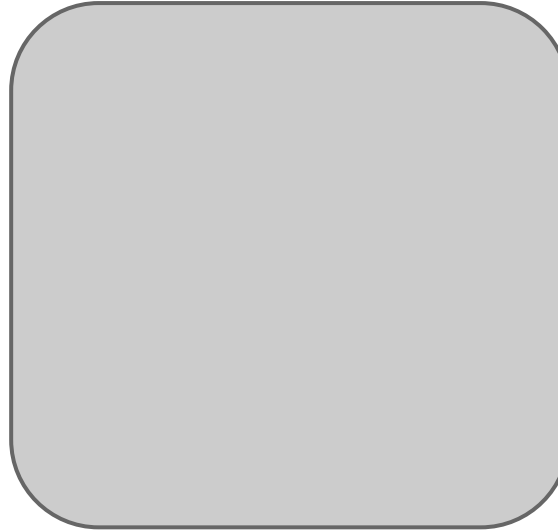

I wish I had known...

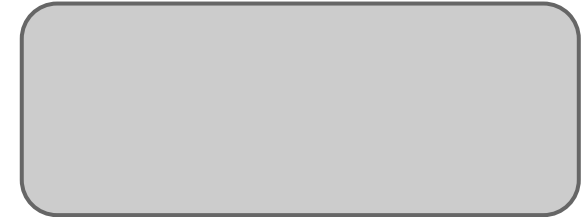

Here are useful techniques  
to do X.

(or use your own)

Bad advice we give beginners

Here are techniques I thought would  
be useful, but didn't work.

Why X was a mistake.

Here's a hack I used  
to accomplish X

Why add-on package X sucks.

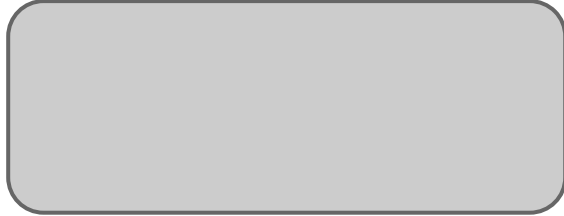

Why X looks like a mistake, but isn't.

# Topic Generation Worksheet

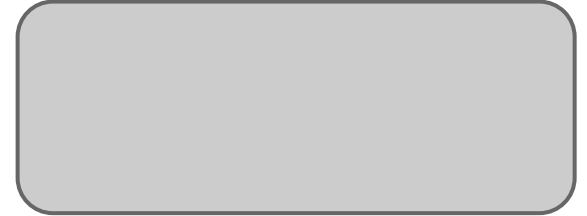

**Heresy:** People say/do X,  
but this is why they're wrong.

Comparison of similar add-on  
packages X and Y.

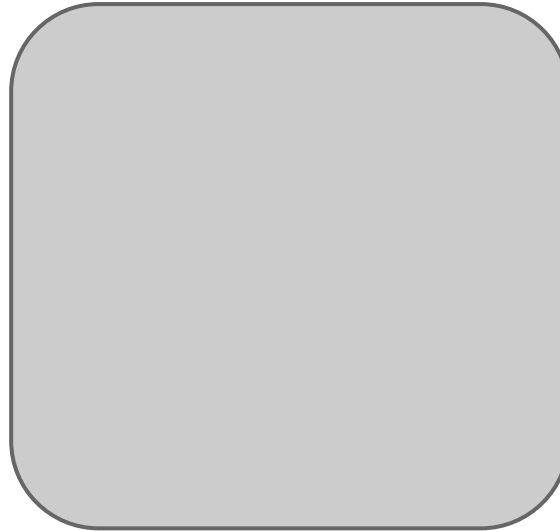

5 Good ideas  
we should steal from X.

Here's how I got to wear the hero/fool  
cape at work. And the lesson.

(or use your own)

**Call for Assistance:**

I want to do X, but I need your help.

Why we should be paying  
more attention to X.

Here's an issue facing our  
industry/community/project.

Wouldn't it be nice if...?

Wishlist

Someone needs to do X

# Topic Generation Worksheet

languages, frameworks you know

roles/jobs you've had

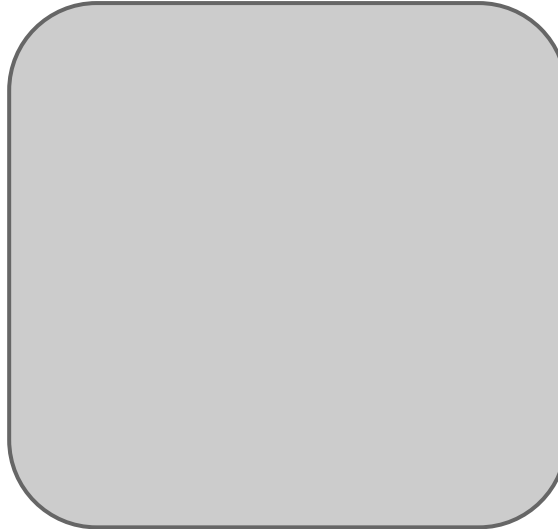

classes / projects you've enjoyed

what are you currently working on?

(or use your own)

what interests you?

any projects that you contribute on?

pet peeves, rants /  
what bothers you?

APIs / tools you've used  
(did you use it in a different way?)

things you've been wanting to learn

crazy things you've encountered
